

Week 5 Reading Materials - PSYC 1111-01

Reading Assignment: Stress and Pain

Key Questions to Consider:

- How does stress and pain relate to the development of illness?
 - How can we understand the way people experience and interpret stress and pain within the context of different theoretical frameworks?
 - What are the various factors that can either alleviate or exacerbate the way individuals perceive and endure stress and pain?
 - What approaches are available for handling stress and pain? What commonalities and distinctions exist among these approaches?
-

Required Readings

1. Psychological Interventions for Chronic Pain

Michael F. Stretanski, Nancy L. Kopitnik, Anirudh Matha, & Till Conermann. (2024). *In: StatPearls [Internet]*. Treasure Island (FL): StatPearls Publishing; 2024 Jan-.
